

The Federal Communications Commission

Dear The Federal Communications Commission,

We are senior citizens, our telephone is our lifeline. Our telephone bill is very high now, much of the charges are already due to taxes. Please do not burden us with further taxes, our phone is a necessity.

I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

I use my wireless phone for safety, security and convenience. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Sincerely, Phyllis Miller
